EDUCATION

ABES Institute of Technology, Ghaziabad — Ghaziabad, India
Bachelor of Technology in Computer Science, CGPA: 6.9 — July 2020 – July 2024

SKILL SUMMARY

Language: Java, JavaScript, Sql
Frameworks: **M**ongoDB, **E**xpress.js, **R**eact.js, **N**ode.js, **A**ngular, **V**ue.js, **j**Query, **B**ootstrap, Tailwind
Tools: React, Webpack, AngularJS, Npm, Vue.js, Atom
Platform: Visual Studio Code, Sublime Text**,** Node**.**js
Soft Skill: Problem Solving C Analytical Thinking**,** Adaptability C Continuous Learning, Attention to Detail

WORK EXPERIENCE

Web Developer | Onsite
@ SEG — **Sept 2025 – Present**

- Developed and maintained scalable educational web platforms using React.js and Next.js frameworks.
- Built responsive and reusable UI components using React, HTML, CSS, and modern JavaScript (ES6+).
- Deployed and managed applications on Google Cloud Platform (GCP) ensuring reliable hosting and performance**.**
- Improved user experience by optimizing page performance, accessibility, and responsive layouts.

Web Developer Intern | Remote — **Mar 2024 – May 2024**
@ Code Alpha

- Developing and maintaining dynamic web applications using the **MERN stack (MongoDB, Express.js, React.js, Node.js)**.
- Collaborating with cross-functional teams to design and implement responsive, scalable, and user-friendly web solutions.
- Writing clean, efficient, and reusable code following industry best practices.
- Integrating RESTful APIs and managing backend logic for seamless data flow between client and server.
- Implementing authentication and authorization using **JWT** for secure user access and route protection.
- Participating in code reviews, debugging sessions, and performance optimization to ensure high-quality deliverables.

Node.js Developer Intern | Remote
@ Inlign Tech — **Mar 2025 – July 2025**

- Developed and maintained scalable backend services for enterprise applications
- Designed and implemented RESTful APIs using Node.js and Express.js
- Optimized database queries and managed data using MongoDB
- Ensured secure data handling and followed best practices in backend development
- Collaborated with frontend developers and product teams in agile sprints
- Used Git for version control and efficient code collaboration

Frontend Developer | Remote — **July 2025 – Aug 2025**
@ Pearl Thoughts

- Demonstrated strong analytical and problem-solving abilities
- Working on frontend development tasks and applying concepts such as HTML, CSS, Javascript, React, and responsive design principles
- Tech Stack: C++, Python, Go, Prompt Engineering, LLMs, Git, VS Code, Slack
